**COURSE DESCRIPTION:** This third year course blends studies on American Government, life-skills-career opportunities and global awareness. The course consists of several components: Aerospace Science- An Introduction to Global Awareness and American Government (60%); Leadership Education: Life Skills and Opportunities/Drill and Ceremonies (40%). The **Aerospace Science III** course introduces students to the world's cultures through the study of world affairs, regional studies, and cultural awareness. The course delves into history, geography, religions, languages, culture, political systems, economics, social issues, environmental concerns, and human rights. It looks at major events and significant figures that have shaped each region. American Government looks at all aspects of our government from origins and the Constitution through political parties, to the branches of federal government. After receiving our waiver, we learned LE 100 Chapter 5 may be used for this. **Leadership Education 300:** This course provides an essential component of leadership education for today's high school students. **GRADING SCALE: As set by the Tennessee State Board of Education**

<b>Grade</b>	<b>Percentage</b>
A	93% - 100%
B	85% - 92%
C	75% - 84%
D	70% - 74%
F	00% - 69%

**UNIFORM WEAR (Major Grade):** Uniform wear is a large part of the Air Force JROTC program. ALL cadets are required to wear the appropriate uniform each **Wednesday** or **Thursday** (whichever day that student has AFJROTC class that week) from the start of the school day until released. Make-up day for excused absences or uniform day is the next non-PE class day. There will be **no uniform make-up for unexcused absences**. Failing to wear the uniform all day will result in a “0” (zero) grade for that uniform day. Multiple failures to wear your uniform can lead to disenrollment from the course. Cadets may be required to wear their issued the AF issued PT shirt and AF issued PT shorts on **Friday**. Failure to turn in uniforms by the end of the course will result in the student being placed on the “Fines/Holds” list until the uniforms are paid for/returned. When cadets are in uniform, the covered walkways between the main building and the career and tech building and to the east class rooms are designated as “**No Hat**” areas, so the wear of the uniform flight cap will not be required on these walkways. All other times cadets are outside in uniform they are required to wear the flight cap, unless given permission from an instructor not to wear head gear.

**EXAMS (Major Grade):** Two types of major exams will be administered during the course: midterms and finals. Tests will be a comprehensive assessment of all material taught since the last test. These tests will cover the concepts taught in all portions (AS and LE) of the AFJROTC III curriculum.

**CLASS ATTENDANCE, PREPARATION AND PARTICIPATION (Daily Grade):** Today’s workforce does not earn a paycheck unless they show up ready for work. Cadets earn grades commensurate with their class participation and effort. Cadets who are not present or prepared cannot participate fully in class. This is especially key to management of the corps activities, drill and physical fitness. Class preparation includes cadet adherence to proper grooming standards daily as outlined in Air Force Instruction and school dress code.

**QUIZZES (Daily Grade):** Chapter quizzes will be administered throughout the course. Quizzes will cover all material taught since the last quiz or test.

**HOMEWORK/CLASSWORK:** Assignments are due at the beginning of the class period, unless otherwise directed or the cadet has an excused absence that day. For excused absences, the assignment will be due on the next class day that the cadet is present. Assignments not turned in on the due date because of an unexcused absence will receive a “0” (zero) grade for that assignment (partial credit for work turned in late may be requested through the instructors).

**COMMUNITY SERVICE:** Cadets will have multiple opportunities to perform Air Force JROTC sponsored community service during each semester.

**CURRICULUM IN ACTION TRIPS (CIA)/FIELD TRIPS:** Throughout the semester, the cadets will have opportunities to participate in school-sponsored activities that serve as an

extension of the AFJROTC curriculum. These trips may include St. Louis, Huntsville, etc. Cadets must be in good academic and disciplinary standing to participate.

**CLASS BEHAVIOR:** The nature of the AFJROTC mission, as well as its high visibility within the school and community, requires its members to adhere to higher standards than might be found among the student population. **Inappropriate behavior, in or out of uniform, is prohibited** while participating in AFJROTC. This behavior includes, but is not limited to, consuming alcohol, drug abuse, tobacco use, horseplay, public displays of affection, fighting, disparaging remarks, insubordination, disrespect, verbal threats and physical attacks.

**CELL PHONES:** Cell phone policy is in accordance with Haywood County School District instructions. Cell phones must remain turned off and out of sight during the instructional day. Students who use the telecommunications device during the school day, will have the device confiscated. Parents may pick up the confiscated device from the assistant principal's office. Any student who refuses to turn over their cell phone will be considered insubordinate and will receive additional disciplinary consequences.

### **EXPECTATIONS FOR CADETS**

**GENERAL:** Cadets are expected to observe correct military conduct during all JROTC training and events, and to be courteous to others always. Such behavior will reflect credit upon themselves, their parents, the Cadet Group, Haywood High School, and the United States Air Force.

#### **CLASSROOM/ASSEMBLY PROCEDURES:**

- a. At the beginning of the class, the cadets will place their belongings under or behind their desk (keeping the aisles clear), and stand at Parade Rest.
- b. Their Flight Sergeant will then call the class to attention.
- c. The Flight Sergeant will then command: "Element 1, 2, 3, 4...Report" to each Element, one at a time. Each Element Leader, will report to the Flight Sergeant the name of any cadet who is absent or tardy by saluting and stating, "Cadet(s) (last name) is absent Sir/Ma'am." If no cadets were absent, the element leader would state "All present or accounted for Sir/Ma'am." The Flight Sergeant will then return the salute.
- d. When all element leaders have reported, the Flight Sergeant will report to the Flight Commander, stating the results of the attendance.
- e. The Flight Commander will then report to the SASI/ASI "All cadets accounted for, ready for instruction. If the Flight Commander or Flight Sergeant is absent, the next highest ranking cadets will take on these responsibilities. If any element leader is absent, the alternant element leader will take his or her place. (Promptness is an objective of the program and cadets are expected to be in formation, i.e. by their desk, before the late bell.) .
- f. The Flight Commander will then lead the class in reciting the core values drill, or any other commands as given by the SASI/ASI. Then the Flight Commander will give the command: "Take Seats."
- g. The cadets will then take their seats with their feet flat on the floor and their hands placed on their desks until their Flight Commander (or instructor) tells them "At Rest."
- h. In the event the SASI/ASI is delayed, the Flight Commander (or senior ranking cadet) will begin the reporting process, and pass on the report to the SASI/ASI when they arrive, leading the class to begin studying the materials for that day's instruction.
- i. Cadets who enter the classroom after the tardy bell has rung will give their admittance slip to the instructor, and follow the instructor's direction for joining that day's class.

- j. Approximately two minutes before the class dismissal bell rings, the instructor will direct the Flight Commander or Flight Sergeant to prepare the class for dismissal by stating, "Prepare for dismissal." Cadets will stop class work and put books and class room materials away. Cadets will clean up their desks, pick up any trash in the immediate vicinity of their desks, align their desks with others in their element, and prepare to stand for dismissal, and assume "parade rest" position.
- k. When the bell rings or at the signal of the instructor, the Flight Commander or Flight Sergeant will call the flight to "Attention." Cadets will come to the position of "Attention" beside their desk and wait for further instruction.
- l. The Flight Commander (or Flight Sergeant in the absence of the Flight Commander), when all cadets are at attention, will dismiss the flight by saying "dismissed."

**LEARN TO THINK BEFORE SPEAKING:** Cadets should work hard to become better listeners, striving to understand instructions for themselves. Cadets should learn to rely on their own abilities, speaking and asking questions after trying to resolve matters in their own minds.

**Welcome to AFJROTC!** Be sure to let your instructors know of any questions you may have along the way as we pursue excellence together this year.
