

HMS Registration

The HMS registration will be held on July 26 from 10:00 a.m. to 3:00 p.m. and July 27 from 12:00 p.m. to 6:00 p.m. Both days are open to 6th, 7th, and 8th graders. We are proud to announce that again this year we will have staff on site from the Haywood County Health Department. They will be printing shot records and giving shots to those seventh-grade students who need them. It is very important, since seventh graders without current vaccinations will not be able to attend school until receiving them.
