COURSE DESCRIPTION: The Science of Flight and Leadership I is the course that includes leadership training for 1st year cadets. The Aerospace Science I: Science of Flight: A Gateway to the New Horizons is an introductory course that focuses on how airplanes fly, how weather conditions affect flight, flight and the human body and flight navigation.

Leadership Education 100 is the first component of JROTC leadership education. The student will be introduced to the history, organization, mission, goals, and objectives of JROTC for the Air Force, Army, Navy, Marine Corps, and Coast Guard. The students will learn how the military uniform embodies a tradition of proper grooming and uniform wear for today's male and female cadets. They will look at key military customs and courtesies, and learn how to project the positive attitude and discipline expected of cadets and leaders by examining the principles and practice of ethics, values, and morals. They will also learn how to be emotionally, mentally, and physically healthy. In addition to learning about healthy living, physical fitness, and making safe, drug-free, and responsible decisions.

Leadership Education 200: stresses communications skills and cadet corps activities. Much information is provided on communicating effectively, understanding groups and teams, preparing for leadership, solving conflicts and problems, and personal development. Written

reports and speeches compliment the academic materials. Cadet corps activities include holding positions of greater responsibility in the planning and execution of corps projects. Additionally, cadets will be taught the fundamentals of drill and ceremonies. The **Drill and Ceremonies** portion of the concentrates on the elements of military drill, and describes individual and group precision movements, procedures for saluting, drill, ceremonies, reviews, parades, and development of the command voice. Students are provided detailed instruction on ceremonial performances and protocol for civilian and military events and will apply the principles and procedures of drill movements used for the movement of smaller units. Most of the work is hands-on. The **Wellness/Physical Fitness** portion will incorporate the Cadet Wellness Program using the President's Fitness Challenge. This is an exercise program focused on following published key guidelines for adolescent. GRADING SCALE: As set by the Tennessee State Board of Education

Grade	Percentage

B	85% - 92%
C	75% - 84%
D	70% - 74%
F	00% - 69%

UNIFORM WEAR (Major Grade): Uniform wear is a large part of the Air Force JROTC program. ALL cadets are required to wear the appropriate uniform each **Thursday** from the start of the school day until released. Make-up day for excused absences or uniform day is the next non-PE class day. There will be **no uniform make-up for unexcused absences**. Failing to wear the uniform all day will result in a “0” (zero) grade for that uniform day. Multiple failures to wear your uniform can lead to disenrollment from the course. Cadets are required to wear their issued **Physical Fitness** T-shirts on **Friday** unless otherwise directed. Failure to turn in uniforms by the end of the course will result in the student being placed on the “Fines/Holds” list until the uniforms are paid for/returned. When cadets are in uniform, the covered walkways between the main building and the career and tech building and to the east class rooms are designated as “**No Hat**” areas, so the wear of the uniform flight cap will not be required on these walkways. All other times cadets are outside in uniform they are required to wear the flight cap, unless given permission from an instructor not to wear head gear.

EXAMS (Major Grade): Two types of major exams will be administered during the course: midterms and finals. Tests will be a comprehensive assessment of all material taught since the last test. These tests will cover the concepts taught in all portions (AS, LE, Personal Finance) of the AFJROTC IV curriculum.

CLASS ATTENDANCE, PREPARATION AND PARTICIPATION (Daily Grade): Today’s workforce does not earn a paycheck unless they show up ready for work. Cadets earn grades commensurate with their class participation and effort. Cadets who are not present or prepared cannot participate fully in class. This is especially key to management of the corps activities, drill and physical fitness. Class preparation includes cadet adherence to proper grooming standards daily as outlined in Air Force Instruction and school dress code.

QUIZZES (Daily Grade): Chapter quizzes will be administered throughout the course. Quizzes will cover all material taught since the last quiz or test.

HOMEWORK/CLASSWORK: Assignments are due at the beginning of the class period, unless otherwise directed or the cadet has an excused absence that day. For excused absences, the assignment will be due on the next class day that the cadet is present. Assignments not turned in on the due date because of an unexcused absence will receive a “0” (zero) grade for that assignment (partial credit for work turned in late may be requested through the instructors).

COMMUNITY SERVICE: Cadets will have multiple opportunities to perform Air Force JROTC sponsored community service during each semester. See Attachment

CURRICULUM IN ACTION TRIPS (CIA)/FIELD TRIPS: Throughout the semester, the cadets will have opportunities to participate in school-sponsored activities that serve as an extension of the AFJROTC curriculum. These trips may include St. Louis, Huntsville, etc. Cadets must be in good academic and disciplinary standing to participate.

CLASS BEHAVIOR: The nature of the AFJROTC mission, as well as its high visibility within the school and community, requires its members to adhere to higher standards than might be found among the student population. **Inappropriate behavior, in or out of uniform, is prohibited** while participating in AFJROTC. This behavior includes, but is not limited to, consuming alcohol, drug abuse, tobacco use, horseplay, public displays of affection, fighting, disparaging remarks, insubordination, disrespect, verbal threats and physical attacks.

CELL PHONES: Cell phone policy is in accordance with Haywood County School District instructions. Cell phones must remain turned off and out of sight during the instructional day. Students who use the telecommunications device during the school day, will have the device confiscated. Parents may pick up the confiscated device from the assistant principal’s office. Any student who refuses to turn over their cell phone will be considered insubordinate and will receive additional disciplinary consequences.

Course Description: Community activity and helping others is paramount in an organization such as JROTC. We strive to build better citizens for the nation and community. One of the ways to do this is to get cadets involved in what's going on right in their own backyard. By giving cadets an opportunity to help out in their community we hope to motivate them into a lifetime of "Service Before Self".

Course Objectives: To motivate JROTC cadets to become more involved in the activities and well being of their school, community, and state by promoting involvement in activities outside the classroom.

Course Materials:

Generally the AFJROTC uniform, as designated by the SASI, or the AFJROTC polo shirt.

Assignments: Various

Grading: The Aerospace Science (AS History) portion of the course will be graded by the SASI. The Leadership Education (LE) portion will be graded by the ASI. Drill will be evaluated as part of LE by the ASI and may be evaluated by the SASI. Cadet Health & Wellness will be a stand alone grade but added to the overall grade. Cadets are required to participate in classroom activities for a portion of the grade. In addition, all cadets will be required to complete a number of community service hours during the semester for a portion of the overall grade.

Formative: (50%) 1. Assignments, Quizzes, Community Service

Summative: (50%) 2. Health & Wellness 3. Uniform Wear

Community Service Grading: Cadets are required to complete community service hours during the SY. Grades will not be posted until the 6 week point, leaving 3 weeks to complete the required hours. The SASI reserves the right to excuse any cadet, with a legitimate excuse, from participation in community service activities. Students are required to obtain a minimum of 5 hours, assigned by the SASI/ASI during each 9 week grading period. In lieu of the required AFJROTC hours, students may obtain a minimum of 20 service hours outside of AFJROTC, as long as they are verified by a legitimate entity managing the community service effort the student works on. Hours are not cumulative. They must be obtained during each 9 week reporting period. The easiest way to obtain hours is to participate in AFJROTC activities. For grading purposes, JROTC function hours will be used first then any outside JROTC hours will be added with the appropriate grade. (Ex. 9 hours outside JROTC = 2 hrs + 2 hrs in JROTC = 4 hrs total = 80%)

<u>JROTC Functions</u>		<u>Outside JROTC</u>
1. 5 or more Hours	100%	20 or more Hours
2. 4 Hours	80%	16 Hours
3. 3 Hours	60%	12 Hours
4. 2 Hours	40%	8 Hours
5. 1 Hour	20%	4 Hours
