

INSTRUCTIONAL SUPPORT PACKET

Dear Families,

We miss you so much and can't wait to get back to our classrooms together. Until then, we have put together some packets of work to support you during this time at home. This packet is meant to last you for 4 weeks. Be sure to spread the work out over the next few weeks to not overwhelm our students. We worked hard to make sure each activity would be meaningful and keep our students progressing during this time away. We appreciate you for your willingness to help us keep your child learning through this unique time. Below you will find details about each item included in the packet.

With Love,
Kindergarten Teachers

Math

*i-Ready Math Packet: This at-home activity packet includes 15 sets of practice problems that align to important math concepts your student has worked with so far this year. We recommend that your student completes one page of practice problems each day. Specific instructions to guide your student are found at the bottom of each page. Encourage your student to do the best they can with this content- the most important thing is that they continue developing their mathematical fluency and skills.

*Numbers 0-20 Flashcards: Choose one of the activities to do with the flashcards each day.

Reading

*i-Ready Reading Packet: This at-home activity packet includes 4 stories and activities. We recommend that your student completes one story per week. Children will most likely need the support of an adult or older student to complete these lessons. Encourage your student to do the best they can with this content. The most important thing is that they continue to work on their reading!

*EL Skills at Home: These activities are very similar to what we have been doing at school. Please use this to practice the alphabet, sight words, and decodable readers.

*Sight Word Flashcards: Choose one of the activities to do with the flashcards each day.

Websites:

These websites include some great resources to support you at home as well!
